

Publication List – Katrien Devolder

ACADEMIC PUBLICATIONS

Books

Devolder K. *Compromise and Complicity in the Human Embryonic Stem Cell Debate*. Oxford: Oxford University Press (near complete).

Devolder K and Braeckman J. *Copyright. Een Bio-ethisch Essay*. Leuven: Leuven University Press, 2001.

Chapters in Edited Volumes

Devolder K. Were it Physically Safe, Would Reproductive Human Cloning be Acceptable. In: McGee G and Arp R, eds. *Contemporary Debates in Bioethics*. Wiley-Blackwell (forthcoming).

Devolder K. Against the Discarded-Created Distinction in Embryonic Stem Cell Research. In: Quigley M, Chan S and J Harris, eds. *Stem Cells: New Frontiers in Science and Ethics*. World Scientific Publishing (forthcoming 2012).

Devolder K and Savulescu J. Therapeutic Cloning is Moral. In: Haugen D, Musser S, and Lovelace K, eds. *At Issue: The Ethics of Cloning*. Greenhaven Press, 2009: 57-72.

Devolder K and Ward MC. Rescuing Human Embryonic Stem Cell Research: the Possibility of Embryo Reconstitution (reprint). In: Grabel L, Gruen L and Singer P, eds. *Stem Cell Research: the Ethical Issues*. Malden, MA: Blackwell Publishing, 2007: 105-123.

Devolder K and Harris J. The Ambiguity of the Embryo: Ethical Inconsistency in the Human Embryonic Stem Cell Debate (reprint). In: Grabel L, Gruen L and Singer P, eds. *Stem Cell Research: the Ethical Issues*. Malden, MA: Blackwell Publishing, 2007: 16-31.

Devolder K and Harris J. Compromise and Moral Complicity in the Embryonic Stem Cell Debate. In: Athanassoulis N, ed. *Philosophical Reflections on Medical Ethics*. Palgrave McMillan, 2005: 88-108.

Encyclopaedia Articles

Devolder K. Cloning. *Stanford Encyclopedia of Philosophy*. Available at <http://plato.stanford.edu/entries/cloning/>.

Journal Articles

Douglas T and Devolder K. Procreative altruism: beyond individualism in reproductive selection. *The Journal of Medicine and Philosophy* (forthcoming 2012).

Douglas T, Russell P, Devolder K, Stafforini P, Rippon S. (commentary). Resisting Sparrow's Sexy Reductio: Selection Principles and the Social Good. *American Journal of Bioethics* 2010;10(7): 16-8.

Devolder K. Complicity in Stem Cell Research: The Case of Induced Pluripotent Stem Cells. *Human Reproduction* 2010;25(9): 2175–80.

Devolder K. To Be or Not to Be? Are Induced Pluripotent Stem Cells Potential Babies, and Does it Matter? *EMBO reports* 2009;10(12): 1285-7.

Devolder K, Harris J. The Ambiguity of the Embryo: Ethical Inconsistency in the Human Embryonic Stem Cell Debate. *Metaphilosophy* 2007;28(2-3): 153-69.

Devolder K, Ward CM. Rescuing Human Embryonic Stem Cell Research: the Possibility of Embryo Reconstitution. *Metaphilosophy* 2007;28(2-3): 245-63.

Devolder K, Savulescu J. The Moral Imperative to Conduct Cloning and Stem Cell Research. *Cambridge Quarterly of Healthcare Ethics* 2006;15(1): 7-21.

Devolder K. What's in a Name? Embryos, Entities and ANTIities in the Stem Cell debate. *Journal of Medical Ethics* 2006;32(1): 43-8.

Devolder K. Preimplantation HLA Typing: Having Children to Save Our Loved Ones. *Journal of Medical Ethics* 2005; 31(10):582-6.

Braeckman J, Devolder K and Ravelingien A. The New Eugenics: Humanist Considerations. *Tijdschrift voor Humanistiek* 2005;8(23): 35-40.

Devolder K. (editorial) Advance Directives to Protect Embryos? *Journal of Medical Ethics* 2005;31(9): 497-8.

Devolder K. Creating and Sacrificing Embryos for Stem Cells. *Journal of Medical Ethics* 2005;31(6): 366-70.

Devolder K. Human Embryonic Stem Cell Research: Why the Discarded-Created Distinction Cannot be Based on the Potentiality Argument. *Bioethics* 2005;19(2): 167-86.

Book Reviews

Devolder K. Book Review of Macintosh KL. *Illegal Beings. Human Clones and the Law.* *American Journal of Bioethics* 2007;7(2): 97-8.

Devolder K. Book Review of Wilmut I, Campbell K and Tudge C. *The Second Creation: The Age of Biological Control.* *Ethiek & Maatschappij* 2000;3: 76-8.
